

In Celebration of John Pegram
September 19, 1933 - April 15, 2025

It is with sadness that Friends announce the passing of John Pegram. John was born in Potters Bar, England. After earning a degree in Polymer Chemistry, John arrived in Montreal, Canada in 1959, took a train to Shawinigan, Quebec to begin work in the chemical industry. In 1967, John moved to Montreal to work in research.

How fitting that he met his loving wife of 56 years, Diana, at a maple sugar party in 1968. They married in 1969. John & Diana relocated to Mississauga and purchased a home in Clarkson in 1973 where they lived for 45 years.

We remember John's engaging smile, intelligence, guidance and how caring he was towards others. We celebrate John's contribution to the local community of Clarkson. As a long time board member of Friends of the Museums of Mississauga, John played a key role in many initiatives including helping to move the historic Log Cabin from Port Credit to the Bradley Museums.

Our sincere condolences to John's wife Diana, to his family and many friends.
